ANALYST BUDGET AND FORECASTING

@ kjsbitlo@gmail.com +27 73 389 3586 Stellenbosch, South Africa

EXPERIENCE

Analyst budget and forecasting

Capitec bank

June 2017 – Currently

Stellenbosch, South Africa

I am part of a team that is responsible for compiling and evaluating the annual company and branch-level budget for Capitec bank and providing an accurate and up to date financial forecast, taking into account the impact of all significant factors and management strategies. I have successfully developed the deposits and funding financial models which assists Capitec bank to plan, budget, forecast and report business performance. My duties include but are not limited to:

- Enterprise performance management implementation consulting.
- Financial data collection, integration and statistical analysis.
- Building and maintaining enterprise performance management financial. models
- Presenting the monthly forecast and the annual budget to senior management.
