EDUCATION

B.Sc. Computer Science
Goldsmiths, University of London

📅 September 2017 – June 2020

- Completed First Year with an average of 75/100

PROJECTS

CoachPlus
Goldsmiths, University of London

📅 October 2018 – Ongoing

Worked with a team on a web application tailored for Personal Trainers, Nutritionists, Physiotherapists and clients. I was in charge of the back-end of the application, using MySQL for the Database, Python (and Flask) for the Server.

Web Drawing App
Goldsmiths, University of London

📅 April 2018

Worked in a team to build a Drawing App based on a template. Used mainly JavaScript, jQuery and p5.js.

Random Quote Machine
FreeCodeCamp

📅 September 2017

A simple website that gives random quotes using an API and also gives the possibility to tweet those quotes. Made with HTML/CSS, JavaScript and jQuery.
