EE 2025 Engineering Electromagnetics: End Semester Exam	Marks obtained ↓
Date: 30.03.2020, Total questions: **3** Total points: **11**	
Roll No: Name: Time: 3 hrs	

Question:	1	2	3	Total
Points:	2	1	8	11
Score:				

Instructions:

1. **Explain all steps clearly**

2. **Attach this paper to the answer sheet**

2   1. A first question for 2 points (indicated by the box on the left). If the solution environment has an optional spacing command given, then in the question-paper-only mode that much blank space will be left, like so.

> **Solution:** This is the solution

1   2. In this question we indicate no space in the solution environment, hence no space is left int he question-paper-only mode. Comment the "\printanswers" line to show the solutions.

> **Solution:** This is a solution

3. This question shows how to use parts with separate markings.
3   (a) This is the first part
5   (b) This is the second part

> **Solution:**
>
> 1. Here are the solutions to parts 1
>
> 2. and 2.
