Abstract

englisch summary of this work

This section is optional! It is basically an motivational cite for this work as it can be found in many books. Example is provided

The validation of clustering structures is

the most difficult and frustrating part of cluster analysis.

Without a strong effort in this direction, cluster analysis will remain a black art accessible only to those true believers who have experience and great courage.

Anil K. Jain and Richard C. Dubes

This section is optional!

Introduction and Motivation

1

1.1 Motivation

1.2 Aim of this thesis

1.3 Structure of this thesis

Experiments and Evaluation

5 Conclusions and Future Work

5.1 Conclusions

5.2 Future Work

B Abbreviations and Notations

Dataset and clustering acronyms

Acronym	Meaning
X	dataset

D List of Tables

List of Algorithms

Bibliography

Declaration of Academic Integrity
