Abstract & Introduction

Do the Abstract, Research Highlights and Introduction and clearly identify the need for and relevance of this research?

Abstract:

...

Major issues:

...

Minor issues:

...

Methodology

Is the Methodology suitable to answer the research stated questions?

Major issues:

...

Minor issues:

...

Data

(If applicable)

Major issues:

...

Minor issues:

...

Results

Are the Results clearly and logically presented, and are they justified by the data presented? Are the figures clear and fully described?

Major issues:

...

Minor issues:

...

Discussion

Is the research adequately embedded and placed in the context of existing literature?

Major issues:

...

Minor issues:

...

Conclusion

Does the Conclusion justifiably respond to the main questions the author(s) posed? Do the Conclusions go too far or not far enough based on the results?

Major issues:

...

Minor issues:

...

Formulation

Is the manuscript's story cohesive and tightly reasoned throughout? If not, where does it deviate from the central argument?

Major issues:

...

Minor issues:

...

Writing

How are the grammar and spelling in the manuscript?

Major issues:

...

Minor issues:

...

Other

Any other suggestions
